PREMIA CLASSIFICATION LIST

Latest change, update: 23rd October 2026 (tabular overview):

Country	New category	Previously
Cameroon	7	6
Guinea	6	7
Guyana	4	5

Detailed information regarding the principles of the country risk classifications can be found on our Internet page at *http://www.exportkreditgarantien.de/en* under the menu item Solutions – Costs – Country risk categories.

*) For countries marked *) the premium is calculated on the basis of a market test. A country risk assessment for these countries does not take place.

**) For countries marked **) a market test must be carried out in order to avoid competitive distortions. The resulting premium may be higher than would have been the case if the country risk category stated were used.
